# 2007 COMMON.CONNECT Media Kit

**C**OMMON.CONNECT (the official journal of COMMON - A Users Group) is published six times per year, in each even-numbered month. The mandate of this magazine is to satisfy the following requirements:

- Provide an enhanced "member benefit" for the members of COMMON.
- Report on the recent activities of the COMMON membership and COMMON Board.
- Establish a reputation as an excellent source of business and technical information.
- Create a vehicle in which COMMON members and industry experts can publish articles and announcements.
- Create a forum for information exchange about the IBM System i platform.
- Promote and foster participation in COMMON conferences and other member activities.

## CIRCULATION

The magazine is read by over 20,000 I/S professionals in the United States, Canada and other countries. The majority of our readers are individual members, members of user group affiliates, or employees of corporate members of COMMON.

## CONTRACTS

Advertising placement contracts are handled by

## PAYMENTS

Advertisers are responsible for prompt payment. COMMON will invoice the advertiser after publication and will send two copies of the magazine as proof of insertion.

Payment to COMMON must be received within 30 days of invoice date. Accounts more than 60 days delinquent may be prohibited from advertising in COMMON publications and/or exhibiting at conferences until payment is received. Volume and continuity discounts are available.

## TECHNICAL SPECS

- Advertisements can be integrated into the magazine, or inserted as loose pre-printed brochures and flyers.
- All advertising content is subject to approval by the Editor-in-Chief and/or COMMON Headquarters.
- Page trim size: 8.25" x 10.75", portrait.
- Bleeds are accepted, at no extra charge. Please allow a minimum of 1/8" on all sides, (e.g., with the full page trim size of 8.25" x 10.75", the minimum page size with bleeds would be 8.5" x 11.0").
- Printing process: direct digital "computer-to-plate", sheet-fed offset technology, process four color mode (CMYK).
- Avoid fine serif faces, reverse type smaller than 8 points, and starburst graphics.

## REQUIRED MATERIALS

- 1.) Preferred:** IBM-PC compatible digital files, (e.g., AI, CDR, EPS, P65, INDD, TIF, JPG, PDF, etc.), at 300dpi resolution, in CMYK color mode (no spot, RGB, Lab, Indexed, ICC-based, or calibrated color), with all fonts imbedded/included, or converted to outlines; delivered via CD-ROM, ZIP disk, email, or FTP;  
... or
- 2.)** Original camera-ready artwork for scanning;  
... or
- 3.)** Customer supplied, pre-printed inserts (flyers).

**Note:** MAC files can be transferred to IBM PC — and layouts on film can be prepared for scanning — for a nominal fee.
